### GOP to honor Brook, Freak cycle crash other past presidents fatal to both riders

by GLORIA DAVIS

If "Red Buttons" shows up at the Lake County Republican Federation's 21st Anniversary Dinner on Friday, Oct. 14, complaining about the fact that Bill Brook, Antioch, is getting a dinner and yet "the GOP never gave a dinner for Sabu the Elephant Boy, despite the momentous impact the elephant has had on the party image," no one will be surprised.

Brook is one of four past president's of the federation being honored at the dinner being held at the Deerpath Inn, Lake Forest.

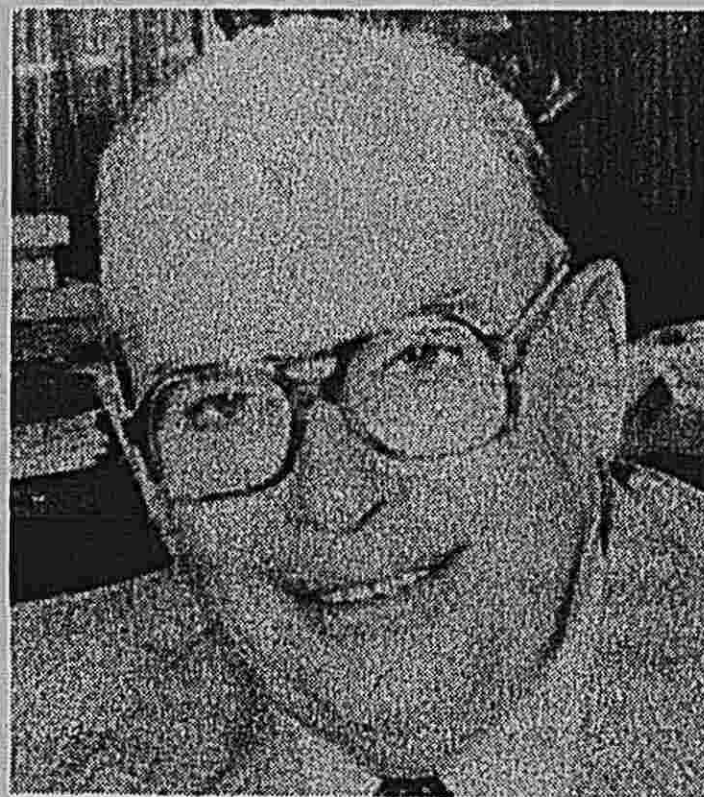

Though Brook will not fall into the past president category until December, he will find himself at the head table, in the good company of other past president's of the federation, Robert D. Stuart, Jr., Gordon H. Smith, Margaret S. Hart and Michael Cudahy.

According to Suzie Metzler, executive secretary of the federation, Brook is about as Republican as one can get, a "lifetime Republican," so to speak.

He has been, not only a member of the federation since its inception in 1962, he has sat on its board of governors since that time.

He started serving his present term at the helm in 1980.

Ned Fisher, the president elect, will take

BILL BROOK

over in December when Brook's term expires.

"Bill Brook has been most instrumental in bringing good Republican government, not only to the Antioch area, but to Lake County as a whole," Metzler said.

Two young area men were killed in a motorcycle accident that occurred after 8 p.m., Friday, Oct. 7, on Rte. 173, in the vicinity of the Windjammer Restaurant, at the intersection of Venn Rd..

Killed in the accident were Gregory Gengel, 26, Lake Villa, the driver of one cycle, and Timothy Bern Heath, 20, Antioch, the driver of the other cycle.

The Lake County Sheriff's Dept. is still investigating the freak accident that had the two cycles hit in a head-on crash on a reportedly, straight, dry section of the two-lane highway.

Evidence at the scene indicated that one of the vehicles was heading east and the other west on Rte. 173. The possibility that the two were playing "Chicken," a daredevil game where two vehicles speed towards one another in a test to see who turns off first, is being considered by the authorities.

The chance that a dead raccoon found at the scene was hit by one of the cycles, throwing him into the other's lane is also under investigation.

Both men were taken to St. Therese

Trauma Satellite, Lake Villa, by the Antioch Rescue Squad, and pronounced dead on arrival.

### Axton heads First Bank

The Board of Directors of the First National Bank of Antioch have announced that Ted C. Axton has been elected president.

Axton will be leaving his presidential position at Libertyville National Bank in order to assume the duties of president at The First National Bank of Antioch.

Axton began his career with American National Bank and Trust Co. in Chicago. During that time, he worked in the international, retail and commercial banking areas. He also served in the metropolitan commercial loan division, real estate department and the Elmhurst business service office.

In 1976 he was promoted to vice-president of American National Bank's correspondent banking division.

Axton has also served with Old Orchard Bank and Trust Co. where he was executive vice-president, on the executive committee and the board of directors.

Bank officials said that Axton will be a great asset to The First National Bank of Antioch and the Antioch community. Throughout his career he has been an active citizen in the communities in which he has lived and worked.

Axton's past and present affiliations include: The Executives Club of Chicago, Chicago Athletic Assn., Skokie and Elmhurst Chamber of Commerce, board of governors, Illinois Bankers Assn. and Northern Illinois Industrial Assn. board of directors.

Axton holds a bachelor of science degree in business administration, finance and banking from Miami University, Oxford, Ohio. In addition, he has completed the graduate school of banking in Madison. He and his family presently reside in Libertyville.

### Wisconsin drinking bout results in two area dead

A one car accident at the intersection of Lake Ave. and Rte. 173, at 2:45 a.m., on Sunday, Oct. 9, left two Lake County men dead and two others injured, after they apparently spent Saturday evening drinking in Wisconsin.

Dead at the scene of the accident was Victor Richard Simonsen, 46, Gurnee. Pronounced dead at Victory Memorial Hospital was the driver of the car, nephew of Victor Simonsen, Douglas William Simonsen, 20, Lake Villa.

The two passengers who were riding in the

back seat and found laying on top of the other two in the front seat, were Mark Stevenson, 24, Lake Villa, and Victor Simonsen's son, Richard Simonsen, 23, Libertyville.

According to the Lake County Sheriff's Dept., the car was southbound on Lake Ave.. The driver failed to heed both a warning sign of a curve and a stop sign ahead and the stop sign itself, crossed Rte. 173 and hit the ditch and a five foot embankment.

The injured were taken to Victory Memorial Hospital, Waukegan, by the Antioch Rescue Squad.

# Troop 92 is tops at Scout camporee

Antioch's Boy Scouts of America Troop 92 won the overall first and second place ribbons in a field of 24 patrols that competed at the annual Lakes Dist. Camporee at Camp Sol R. Crown, Wis.

The two Troop 92 patrols competed in nine events that included compass course, wilderness camp, nature name-it, missing person, tracking and trail signs, silent signals, pack a backpack, travois race, and flag construction.

Each patrol was judged on such criteria as teamwork, leadership, equipment, problem solution accuracy, and overall behavior.

Troop 92's Panther Patrol won overall first place having earned 447 of the 455 possible points. They earned five first place, one second place, and one third place ribbons in the individual events.

The Panthers, led by Patrol Leader Bob Paschke, consisted of Eric Anderson, John Fisher, and Alec Kauffman.

The Viking Patrol won overall second place having earned 442 of the possible 455 points.

They earned four first place, two second place, and three third place ribbons. The Vikings were led by Patrol Leader Dale Gade and consisted of Matt Aschbacher,

Sam Frankson, and Ron Rock.

Mark Aschbacher, one of the senior scouts who served as a judge, won third place for his judging. The two patrols were trained for these events by the troop's senior patrol which consists of Senior Patrol Leader Phil Hettich, Assistant Senior Patrol Leader Mark Aschbacher, Brian Clark, Dale Gade, and Frank Zeien.

Committee Chairman Harold Clark and Scoutmaster Bernie Dost received certificates of appreciation for assistance rendered in planning the Camporee. Dost and Tom Aschbacher accompanied the boys.

Scouts and their families are preparing for the 23rd annual "All You Can Eat" Spaghetti Dinner, on Sunday, Oct. 16, from noon to 7 p.m., at the Antioch Moose Lodge, the troop's sponsor.

Donations for the dinner are \$3 per person; children under six eat free. Drawings will be held for a variety of attractive prizes, including a football autographed by the Chicago Bears.

Troop 92 thanks all Antioch area residents who continue to bring newspapers and aluminum cans to the VFW trailer sawmill.

## Kotlinski to play in college

Antioch area student Michael Scott Kotlinski, son of Mr. and Mrs. Ora Tubbs, 293 Bridgewood Dr., Antioch, will play linebacker for the Carthage College intercollegiate football team during the 1983 season.

The 5-foot-11, 200-pound athlete attended Antioch Community High School. Kotlinski is a sophomore whose major is business administration.

The four-year institution competes in the College Conference of Illinois and Wisconsin. The Carthage Redmen finished 1982 tied for fifth place in the conference with Illinois Wesleyan University. The Redmen were 4-4 overall.

Carthage is a church-related, liberal arts college with an enrollment of 1,205 full-time and 430 part-time students.

## Ask Dr Sven by Robert T. Sven B.S.D.D.S.

### THAT FIRST DENTAL VISIT

Many parents want to know when to bring their child to the dentist for the first time. Many fear their child will be upset by the experience. Unfortunately, this attitude often means that the dentist first sees the child when a toothache occurs.

The best time to bring the child to the dentist is before problems arise. This way, the first visit can be a pleasant experience.

It is important that the parent present the dental visit to the child in a positive way. Don't mention pain; don't offer a reward for good behavior.

Most dentists agree that the child should be seen by a dentist at about age three. At this point the child's set of first teeth is complete. Usually, there hasn't been a chance for many cavities to form. Also, the child hasn't yet heard any scare stories from his peers.

## County Board Dist. 4

# Popp, Kapischke to run; Scott not running

by ROGER RUTHHART

Lake Villa Township Supervisor Fred Popp, saying it is important that Lake Villa Township be represented on the county board, has announced his candidacy for GOP county board primary from district four.

The announcement followed closely confirmation by Howard (Bud) Scott of Lake Villa that he will not be running for reelection due to increased duties in his position at Grant High School, Fox Lake.

The terms of Scott and Antioch Township Supervisor Jim Fields will expire in November, 1984. The primary will be held March 20, 1984. Fields is expected to announce plans for reelection.

Popp said that he has the full support of Scott in his bid for election. Presently, each of the four townships in district four has one representative on the county board. Popp previously served on the county board from 1976-78.

Saying that "nobody knows the problems of the unincorporated areas like the township supervisor," Popp said that if elected he will announce his retirement from Illinois Bell after 37½ years to devote all of his time to the two elected positions. He will turn 55 in March and will be able to collect full pension without penalty. "The timing is perfect," he said.

Popp has served as township clerk as well as on the county board. He has been active in the township official's association, has been a Republican precinct committeeman for 17 years and township chairman for eight years. He is a member of the VFW, past member of the Lake Villa Chamber of Commerce and Lake Villa Township Republican Club, a retired member of the Lake Villa Rescue Squad and member of the Lake Villa United Methodist Church, Lindenhurst Mens Club and is presently a member of the advisory board of the Edward L. Bradely Family and Child Counseling Center, Lake Villa.

Popp said that issues that must be addressed include why industry and jobs area leaving Lake County; solid waste disposal; increased police protection for unincorporated areas; flooding and drainage problems; vacant and dilapidated homes in unincorporated areas and better relationships between townships and villages.

Popp said he also favors the continued effort to clean up the Chain O' Lakes.

"Government is public service," said Popp. "The success I have had up to this point and this success being acknowledged by the community is one of the determining factors that lead to my decision to run for the county board," he added.

Popp lauded the efforts of Scott, saying "in the past two years our representation on the county board has been excellent. Bud's done an outstanding job. It is my goal to continue this type of representation at a full time scale."

Kapischke announced her plans to seek election to the board after one term off the board, having served from 1980-82. She said her first priority would be to let people know the role she played when she was in-

involved in county government.

"County government is involved in many facets of our daily lives. The county board serves to channel the feelings and desires of the people into daily function of government. This is accomplished by the separate committees overseeing the offices of government on a day to day basis," said Kapischke.

She said problems facing district four include enforcement of building codes and ordinances. "Failure to uphold ordinances dealing with flood protection, substandard dwellings, failure to preserve wetlands and abandoned structures are among some of the problems facing us today," she said.

"Solid waste is another concern at hand," she added, noting a committee is

presently addressing that problem.

Also believed considering filing for the two seats besides Fields are former County Board Member Joe Tobolik of Ingleside, and Ray Edwards and Evelyn Bolt of Antioch, who both ran for the office in 1982.

Phyllis Lucas of Lindenhurst is the only announced Democratic candidate to date.

*When I think about it*

## As for new tv shows, make mine checkers

by GLORIA DAVIS

It's about time that a newspaper person extends a glad hand to congratulate some communications competitors, the television networks, on the stark reality of the new tv season.

This year prime time tv can no longer be called trashy. Trash is full-bodied and gutsy. This season's shows can be only be labeled "trishy," as in the tv moguls new bag of "trish."

This season the networks are in a lather over the new prime time soaps and a smattering of weak sitcoms.

On "Dallas" we have Southfork completely enveloped in flames in the opening show. J. R. and Ray are both out on the floor after a family fight and Sue Ellen is also out like a light in a drunken stupor inside of a smoke filled room.

Little John Ross is the only conscious occupant, standing in his crib crying through smoke-filled lungs.

Bobby alone spots the flaming structure as he heads down the mile-long drive in his red Mercedes, just in the nick-o-time, getting everyone out completely unscathed.

Wasn't J. R.'s death defying plunge into the pool with John Ross thrilling! And he didn't even wrinkle his Brooks Brothers suit or lose his cowboy boots!

It just goes to show you, don't judge a fire by its flames. What appeared to be a raging inferno just did a little damage to the upstairs, despite the fact that most of the flames were leaping out of the downstairs windows.

Fires must be in this year because the start of the new season of "Dynasty" was also a red-hot one.

When we last saw Krystle and Alexis they were locked in a lonely cabin in the woods with flames to the right of them and thick smoke to the left of them.

As the burning rafters are falling all around her, Krystle risks her life to save her arch enemy, Alexis, who is also out on the floor after hitting her head in a fall.

But again, just as Krystle is about to crack, the tennis pro comes bursting through one of the burning walls, picks-up Alexis and carries her out through the locked door.

The next scenes are the two women's hospital rooms. Krystle comes to as Blake storms through her door, iridescent makeup still perfect, hair slightly mussed, but then it always is, wearing a little smear of burn cream on her hand.

Then we have Alexis, whose face always shows to best advantage with hair pulled starkly off her face.

Having sustained a hit in the head, she is wearing a very becoming turban of bandages, ala brain surgery, and even her false eyelashes. But she has burn cream smeared on her hands.

We can't forget how much inside info we gained during the premier of that new landlocked "Love Boat," "Hotel."

I didn't know that bellboys and desk clerks could use the Presidential Suite for their hanky-panky. Despite the fact that they are walked in on by a paying guest, a king no less, they go about their merry way after being rewarded with a sly wink by owner Bette Davis.

I wonder if the assistant manager of the Waldorf got her job by walking in off the street, with no experience just aspirations, just because she hung around wearing a beautiful face and beautiful body.

And "A-Team" is back, blowing up buildings with bazookas and nobody gets hurt; flipping over cars going 90 miles an hour, and nobody is hurt; and spraying people with machine gun bullets that draw no blood. Clever these stimys of the law that keep breaking it right and left, but that's okay because "they're the good guys!"

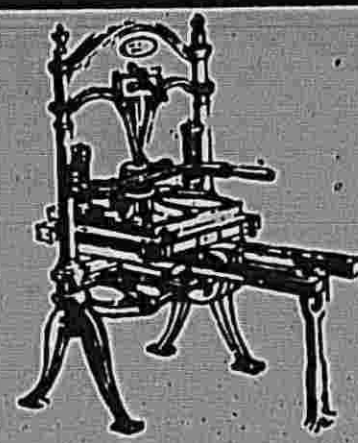

In the same vein we have "Hardcastle and McCormick." Of course it's okay for an ex-con and a retired judge to break a few rules in order to get at the bad guys that the judge had to let go because of legal technicalities!

We're going to learn a lot more about army and navy life with "Love and Honor," and Emerald Point," dancing weekly across our tv screens.

Now I hardly remember that J. R. used to be a charming whimp of an astronaut with a bottled genie, but, no matter whether he wears a badge or navy whites, Dennis Weaver will always be Chester in disguise.

Anybody for an exciting game of Chinese Checkers on Monday and Wednesday? Tuesday and Thursday evenings can be better utilized by sitting on the front porch with a jar of bubbles and you better make all your social engagements for Friday and Saturday, leaving only Sunday night to suffer in front of the television set.

That's okay, Andy Rooney's segment on "60 Minutes," is always worth a laugh or two, as is the whole show as it goes about its hokey investigative way.

## The Time Machine

**FIFTY YEARS AGO: Oct. 12, 1933**

Over 200 exhibitors displayed at the 10th annual Antioch Country Fair held on the Antioch High School grounds.

The Channel Lake Dance Pavillion, a favorite dance resort on the southwest side of Channel Lake, burned to the ground, causing over \$50,000 in damage. The cause of the fire was unknown.

Robert Wilton Sr. was elected to succeed Lew Van Patten as president of the Antioch Fire Dept.

Archbishop Shiel administered the sacrament of Confirmation at St. Peters to 40 children and adults.

An article in the News foresaw "depression hangover" ahead.

**THIRTY YEARS AGO: Oct. 15, 1953**

Police Magistrate E. Elmer Brook found four Chicago teens guilty of shooting insulators from telegraph poles on the Soo Line with a 22 calibre rifle. He fined the boys \$10 and costs and girls \$5 and costs.

Antioch's Indian Summer was being prolonged with temperatures in the high 60's and 70's.

Mrs. Edna K. Radtke was named Section Mother of Section 20 of the Future Homemakers of America.

Rev. Howard C. Benson, pastor of the Antioch Methodist Church, married Miss Shirley Anderson of Chicago.

Mrs. Morris Pickus won \$104 in prize money from a Waukegan radio station because she had a recipe on hand from a certain brand of potatoe chips.

Fred Astair and Cyd Charise were starring in "Band Wagon" at the local cinema.

The "best buy in town" was a 1953 Studebaker Champion sedan for \$1,752.44.

**TEN YEARS AGO: Oct. 17, 1973**

Janet Kroepin, Kathy Toft and Sheri Tell were the nominees for homecoming queen.

The Antioch News rated third out of all papers in its class, circulation under 5,000, for general excellence by the Illinois Press Assn.

Police Chief Jack Wells claimed that there had been no trouble in the village because 19 and 20 year olds were allowed to drink in Antioch bars.

Shirley Jensen played Laura Partridge in PM&L's "Solid Gold Cadillac."

The Bernard DeVries family headed for Wisconsin to go cranberry picking.

The legislation creating Monday holidays had just been passed adding to some people's confusion on the change in some holidays' dates.

## Memory Lane

## Along the way with ANNIE MAE

Well it looks like our local fishermen did good! According to Police Lt. Tom Fisher, Dick Stroner, caught the biggest fish, a 10 and one-half pound northern, but Fisher caught the first big one, a 10 pounder, inside of the first hour of fishing.

Fisher also got another 10 pounder. He said that they brought these big ones home as proof of the pudding or fish chowder or whatever have you!

"We ate the best walleyes ever, while we were there," Fisher added. There being an island in Ontario, Canada.

The Chicago Chapt. of the National Society of the Daughters of the American Revolution enjoyed a conservation outing and picnic, Sunday, Oct. 2, at the Rio-Val Pony Farm, Antioch.

Gracious host and hostess were Joe and Valerie Hunley. Nancy Postma, regent of the Chicago chapter, led the nature walk preceding the deck party.

Valerie Hunley is currently first vice-regent and conservation chairman.

Congrats to Cadet Steven Skidmore and his mom and dad, Dr. and Mrs. Donald Skidmore, Antioch, who has recently entered the professional officer course of the Air Force

Reserve Officer Training Corps. at the University of Illinois.

He is a full time student there pursuing a bachelor's degree. In addition to his regular college curriculum, he takes Air Force aerospace studies, history and leadership.

Upon his college graduation, Cadet Skidmore will be commissioned a second lieutenant and will enter active duty as an Air Force officer.

This week, two of Antioch's favorite people will be celebrating their wedding anniversary. Harold and Millie Gaston, of A and B Printing, will be married 40 years on Sunday, Oct. 16.

The Gaston's owned the News for many years and the News in turn wishes them many more years of happiness together.

Judging by all the whistles, the members of the fire department kept on the run last week. I hear there was a house fire in Loon Lake caused by a faulty furnace and a car fire in the gas station of Rte. 83 and Orchard Ave.. Fire was reported to be an electrical one and was quickly put out with a fire extinguisher even though the smoke screen made everyone feel that it was a more serious blaze.

## Stroner to cook spaghetti for Scouts for 22nd time

Sunday, Oct. 16, marks the date of the 23rd annual spaghetti dinner sponsored by Boy Scout Troop 92, Antioch.

This falltime tradition marks Antioch's wellknown desire to keep small town America alive and well. The local merchants have thrown in their own special help by donating some especially appropriate gifts.

Corbin Travel Agency has donated a football signed by the Chicago Bears football team. In addition to the Bears' autographed football, there will also be a \$100 savings bond donated by the State Bank of Antioch and an AM FM cassette radio donated by GreatAmerican Federal Savings and Loan of Antioch.

The generous list of

donations includes gifts from hiking boots to hair cuts for the family.

As a spectator sport the dinner is fun too! The men do the cooking with Chief Chef Dick Stroner heading the kitchen crew for a phenomenal 22 years.

His serving assistants, Scoutmaster Bernie Dost and Assistant Scoutmaster Tom Aschbacher have also

compiled a enviable record over the years.

The "All you can eat" dinner features spaghetti, meatballs, French bread, coleslaw, cake and beverage will be served by Troop 92 Scouts.

Donations are \$3 per person; children six years and younger are free. The dinner will be served at the Antioch

Moose Lodge from noon to 7 p.m. People bringing their own container can obtain this feast on a "take-out" basis. Tickets can be purchased at the door or from one of the scouts.

Troup 92's Spaghetti Dinner tradition has become the major means of financing campouts and field trips.

The troop, in conjunction

with the Antioch VFW, offers the Antioch Community a continual drop-off paper drive. A semi-trailer is parked at the end of Holbek St., just west of the Hiram Buttrick Saw Mill. Newspapers (not glossy papers or magazines please) can be dropped off at the trailer anytime.

## Sequoits top Niles for sixth grid win

It was the defensive team's turn to shine as Antioch Sequoit gridders continued to maintain their unbeaten record, topping Niles North, 10-0.

The defense forced eight turnovers and never allowed Niles inside the Antioch 30 yard line to stem the tide until the offense could get untracked for 10 third-quarter points which held up for the victory.

John Humphreys found Bryan Becker for a 13 yard touchdown strike with 1:55 remaining in the third quarter. Humphreys' PAT kick was good.

That was followed by a Humphreys field goal of 22 yards second later with 42 seconds remaining.

"Offensively we played a fine defensive team that was inspired and fired up," said Coach Steve Wapon. "We made some key mistakes at key times that killed drives," he added.

"The defense won the ball game this week," he added.

Defensively, Dan Berkiel and Andy Lehn each had an interception and Craig Prather had two. Lehn added two fumble recoveries and Berkiel had one along with Bob Jirachek.

Defensive coordinator Ted DeRousse also cited the play of defensive tackle Todd Schlenz who started his first game ever and provided a solid pass rush and four tackles.

Offensively, Humphreys was four of 16 passing for 65

yards and one touchdown. Becker caught two passes for 24 yards and Steiskal had two for 41 yards.

John Maher had 22 carries for 66 yards and Rod Steiskal had four carries for 21 yards rushing.

Antioch will play at Lake Forest Oct. 15 for the Scouts' homecoming.

Wapon said he expected a spirited ballgame, especially since it is homecoming. "Their offense has sputtered this year, but they have too good a staff and too good a program to stay down long. They'll be tough," said Wapon.

The Sequoits are now 6-0 for the season and 5-0 in North Suburban Conference play.

# Four Seasons tanning sets industry's pace

DJ's Fitness Center/Antioch Bowl has announced its newest addition to its growing recreational complex.

Four Seasons tanning

salon is guaranteeing clients immediate tanning that is medically proven to be safer than the sun. The Suntamed tanning system shows visible results after only

several minutes. After 30 minutes, most clients are several shades darker, and all show visible tan lines.

The Suntamed system has revolutionized the nature of

commercial tanning, according to the experts at Four Seasons. No longer do you have to plan a tan, and come in five of six times before seeing results. You can now come in for a styling and leave with great looking hair and a tan. In only four visits you can look like you spent a week in the Caribbean, they promise.

Not only can you get a safe tan in only three or four sessions, you'll do so in unsurpassed comfort. Tanning lights are placed at an angle so that the sides of the body are also tanned.

Four independently switched fans between the lights actually blow air conditioning on clients while they listen to their favorite music on an integrated

cassette player. All of this while lying comfortably on a wide, soft mattress.

Controls for the fans, bed lift, the timer and the cassette players are all close at hand on the functional control panel. It is an open, modern design eliminating the enclosed claustrophobic feeling many people experienced on the old fluorescent tanning beds, they note.

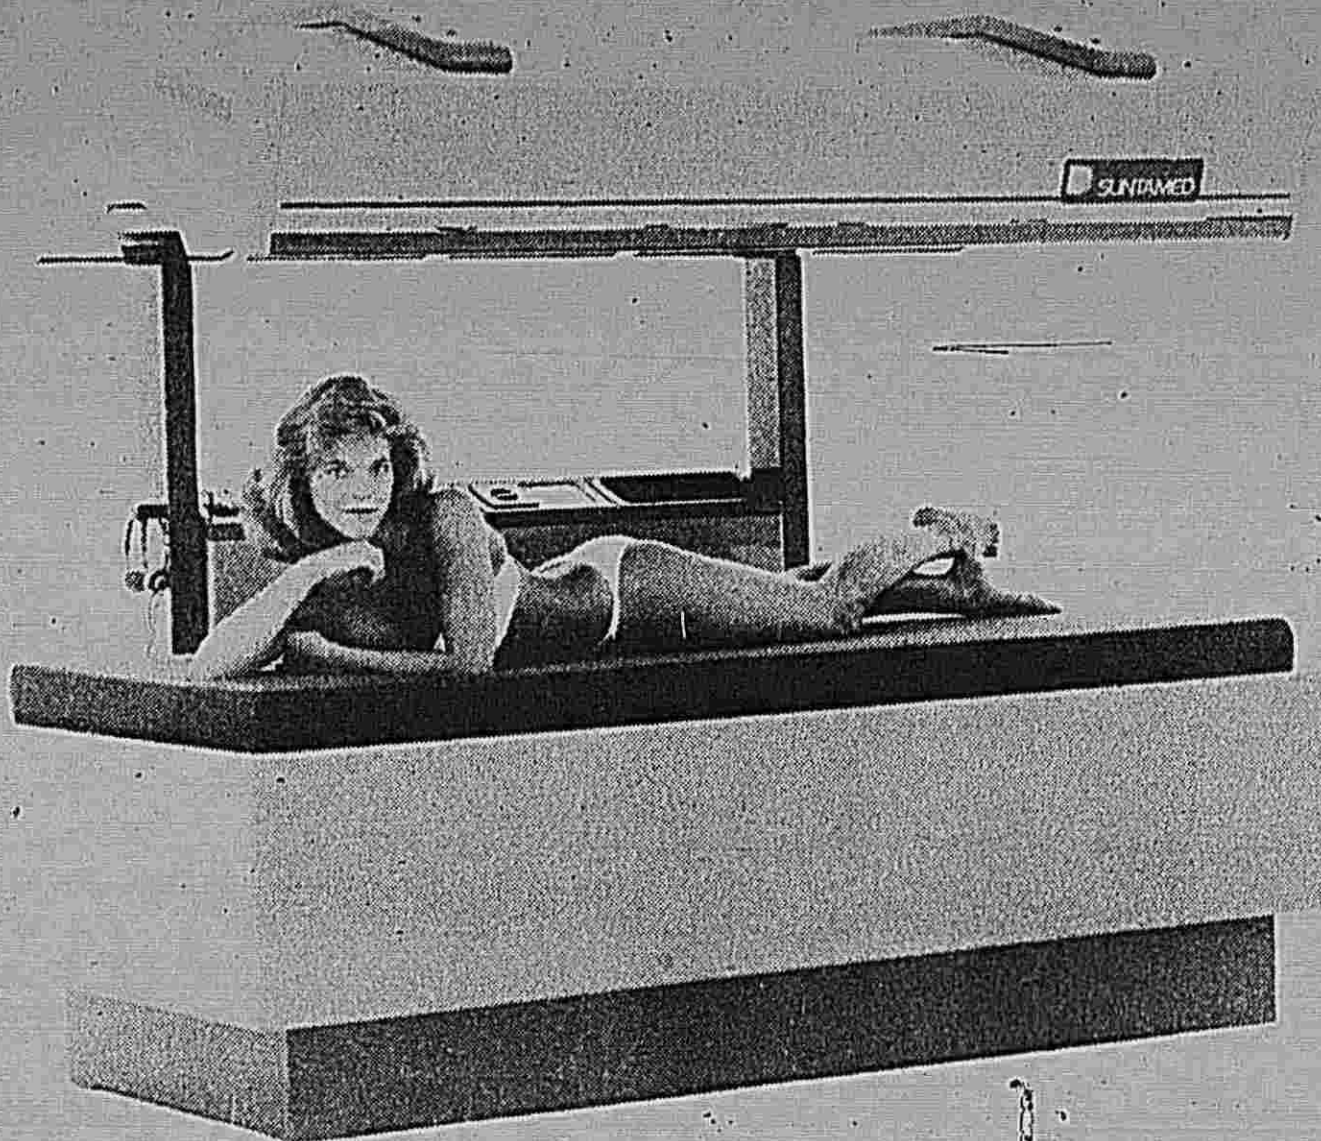

While tanning, you will lie on a comfortable foam mattress, turning over after a half-hour. There's no comparison to lying on a hard acrylic surface while a lid with lights is lowered to within an inch of the customer's face, the tanning experts note.

Immediate tanning is only

possible with the new high-pressure systems, which have almost totally replaced the fluorescent beds in the European commercial tanning market.

DJ's Fitness Center/Antioch Bowl was the first in the state to bring in the second generation old fluorescent tanning beds. Now, waiting to bring you only the best, DJ's is proud to be the first in the country to bring you the complex, third generation tanning beds, the Suntamed 4000.

Four Seasons Tanning Salon, which links Antioch Bowl's new nightclub to DJ's Fitness Center, will be open from 6 a.m. to midnight, seven days a week. The tanning salon is also the mid-west distributor for this new type of tanning equipment.

**MOST MODERN WAY**— DJ's Fitness/Antioch Bowl now offers most modern way to get quick safe suntan. New system is medically proven to be safer than the sun, they claim, and includes most modern conveniences.

## Fire department stresses child and adult safety

October 9 through Oct. 15, is designated as "Fire Prevention Week". During this week all fire departments personnel are asked to stress fire safety to children as well as adults.

This year the Antioch Fire Dept. Fire Prevention Bureau will, as always, conduct fire drills at the various schools in its village and district.

Also, this year the fire prevention bureau will give each student, through their teachers, booklets on fire safety put out by the National Fire Safety Council and paid for by the local businessmen of the Antioch community.

The fire prevention bureau will also go to each school this fall and give presentations to the children on fire safety.

This year the Antioch Fire Prevention bureau is stressing the need for a smoke detector in each dwelling in its jurisdiction. Smoke detectors have given and will continue to give those few precious minutes that can mean the difference between life and death.

There is an ordinance in the village that now calls for smoke detectors in each home and apartment complex. If anyone would like to have a free home inspection and also be told where a smoke detector should be located, they may call Asst. Chief, Jim Quedenfeld at (312) 395-1355 and make an appointment.

The fire prevention bureau wants to also emphasize the need for caution when using the Kerosene portable heaters. The main concerns of the fire prevention bureau in regard to kerosene heaters are as follows: be sure to use K-1 kerosene only; room should be ventilated; do not fill heater inside house; be sure heater is UL or Factory Mutual approved.

As well as kerosene heaters, wood burning stoves have been quite

popular. There are a few precautions to be taken when using these also.

Be sure stove is of an adequate distance from any combustible surface.

Have a non-combustible pad under the stove, one that

is made of metal-covered asbestos.

If using existing chimney, be sure that it is sound and has a flue lining. If at all possible, install separate chimney for the wood burning stove.

Be sure to use dry and seasoned wood so that the build-up of creosote and soot is kept to a minimum.

As we all know, just because a week is set aside as Fire Prevention Week all of us must be aware 365 days

of the year of the various types of fire hazards and be sure they are corrected.

The fire prevention bureau welcomes the opportunity to give fire prevention programs to community groups.

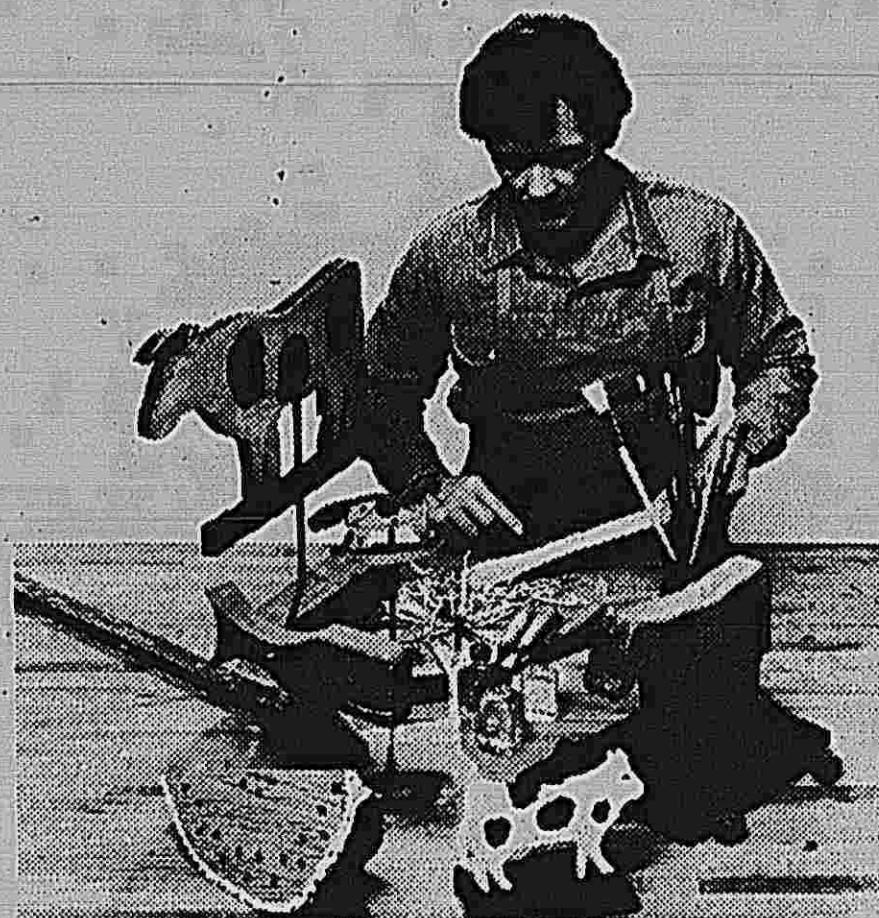

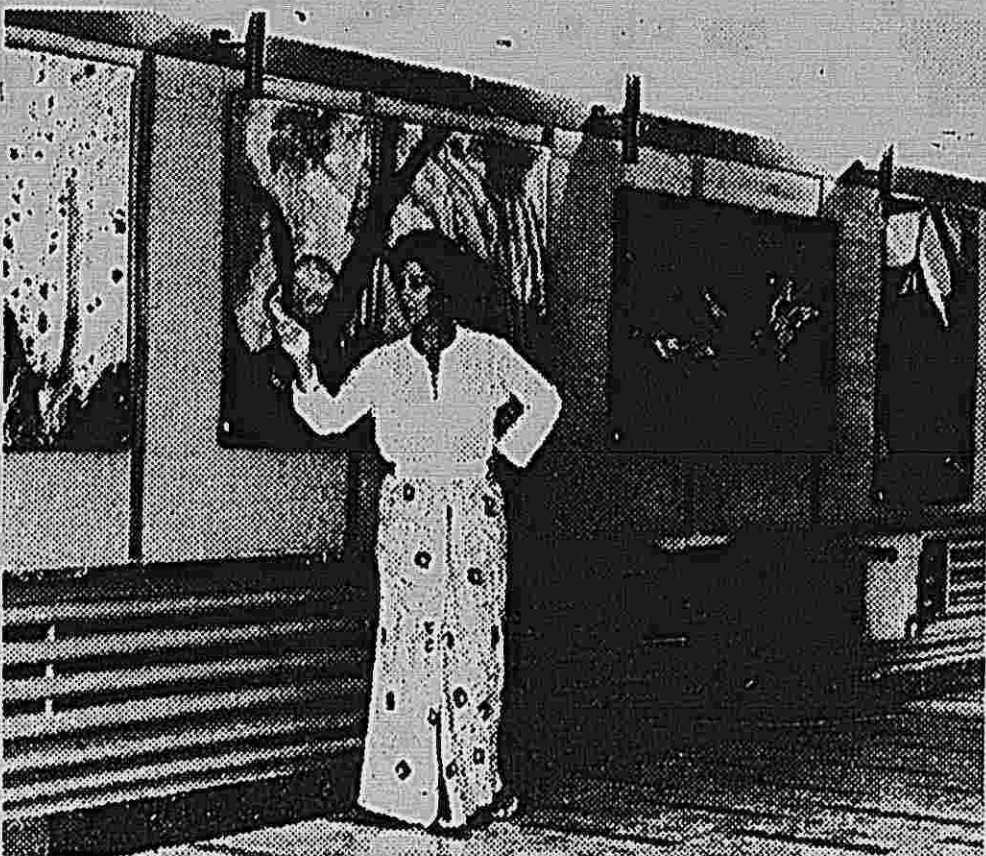

If any group would like a fire prevention program, please call Asst. Chief Jim Quedenfeld at (312) 395-1355, and remember get a smoke detector installed in all homes, "as the life it saves might be yours."

Forms for your convenience in making these important announcements are available by calling 223-8161 or by stopping at any Lakeland Newspaper office. Photographs cannot be returned. Deadline for wedding and engagement announcements is 4:30 p.m. the Friday prior to publication. Those received by Friday usually will appear in the following issue, but may, at times, be delayed for one week. Announcements which appear months after a wedding usually are the result of lengthy waits for photographs from your wedding photographer. Lakeland Newspapers suggests that arrangements be made to have black and white photos made up immediately after the wedding for the newspaper. It is advisable to have the wedding form filled out prior to the wedding for the newspaper.

## "THANK YOU"

We wish to thank all our family, friends and neighbors for their kind expressions of sympathy during the loss of our dear Husband and Father, Melvin J. Wohlfeil. A special Thanks to Strang's Funeral Home, also to Rev. G. Anton Danielson of St. James Lutheran Church, Lake Bluff, Ill. A special Thanks to Chief of Police Chuck Miller & Staff, also Lake County Police who escorted our Funeral procession. Also a Very Special Thanks to the Antioch Rescue Squad who took Mel for many trips in the past 5 years. We haven't enough words to express our feelings to all our dear friends!  
Melvin Wohlfeil Family

## IN MEMORIAM

In Loving Memory of our Dear Son, Brother and Uncle, Melvin "Butch" Wohlfeil, who passed away on October 14, 1954.

How we miss your smiling face, part of us went with you, the Day God called you home. Now you, John and your dear Dad are all together again, in Heaven with God.

Sadly Missed & Loved by  
Mom & Sisters.
